

Certificate of Off-Site Training

As a Patient-Side Assistant

Dr Muhammet Ozgehan

has successfully completed an Off-Site Training program in the role of a **Patient-Side Assistant** using the **da Vinci®** Surgical System. This program consisted of didactic and practical skills application sessions covering the components and use of the **da Vinci®** Surgical System and **EndoWrist®** Instruments. Additionally, a training laboratory was conducted providing utilization of the **da Vinci®** Surgical System for key surgical skills as a **Patient-Side Assistant**. Surgical team roles, responsibilities, and emergent management using the **da Vinci®** Surgical System were emphasized.

da Vinci® Surgical System Off-Site Training Program
for a Patient-Side Assistant

Conducted September 10, 2012
IRCAD-EITS, Strasbourg, France

da Vinci®
Surgical System

Gene Nagel
Sr. Director
Training and Development

Training conducted by:

Eric Leplat

Training Specialist

Jerry McNamara
World-Wide Vice
President of Sales

This training program is not a replacement for hospital policy regarding surgical credentialing. Intuitive Surgical only trains on the use of the surgical tool, the **da Vinci** Surgical System. Any demonstration(s) during the training on how to use the System to perform a particular technique or procedure is not the recommendation or "certification" of Intuitive as to such technique or procedure, but rather is merely a sharing of information on how other surgeons may have used the System to perform a given technique or procedure.
